b. Principal Report

Jyoti Mangat discussed the Bike-A-Thon that took place 2 weeks ago. It was a success and the students raised more than last year for Cancer Research. The total was over \$325,000 and around 870 students participated. The district trustees and MLA's were present for the closing ceremonies. While Bike-A-Thon was ongoing, the open house for students in Grade 9 and their parents also took place. Attendance at the open house was very good. Upcoming registration for students going into Grade 10 will begin after spring break. For current students, course selection will begin the last week of April.

On May 10th, Dr. Lynn Miller, an anxiety specialist, will be in St. Albert to provide a presentation to the District Council and teachers. There is a planned presentation for parents to follow that evening. The time and location is yet to be determined.

c. Trustee Report

Is not present.
