Athletics Pride Awards

This ceremony is held in June each year to recognize students for their participation, achievement, and leadership on school teams, and for service to the school and the community at large during the current school year.

Consequences for failure to meet the requirements of the code of student behaviour and conduct may result in disciplinary action that may include suspensions and recommendations for expulsion from the school and/or district."

Alcohol, Tobacco & Controlled Substances

Any student who is in possession of, or under the influence of any illegal substance, alcohol, or inhalants (vaporizers, including e-cigarettes) on school property, or during school sponsored activities, will face immediate suspension and/or expulsion as outlined in the **Drug Free Protocol for St. Albert Schools and the Code of Conduct for St. Albert Public Schools**. Students are reminded that all vaporizers (including e-cigarettes) are prohibited on school property. Anyone using a vaporizer (including e-cigarette) on school property will have the device confiscated and that student may be suspended from school. **The Drug Free Protocol for St. Albert Schools** provides that unannounced patrols by RCMP personnel and a canine member be conducted in cooperation with school administration.

Cameras

We value and respect personal privacy. **Cameras of all types** (cell phones, etc.) **are to be used only as directed by a staff member.**

Froshing (Abduction & Assault)

In cooperation with and in conjunction with students of St. Albert Schools, parents, the community of St. Albert, the Trustees from the two St. Albert School Districts, the RCMP, and the City of St. Albert, we subscribe to the Safe and Caring Schools Initiative and we will not tolerate **any** participation in froshing activities. **Consequences will include immediate suspension for a period up to five school days and may include the exclusion of a student from extracurricular activities, expulsion from school or school district, and criminal charges.**

Freedom of Information & Protection of Privacy (FOIP)

Privacy of student information and identification is in place at Bellerose. Parents requesting any information about their child will be asked to provide the 5-digit school identification number given to the student at registration and found on student timetables and reports. If applicable, we also request that a copy of any court order denying access be given to the school. FOIP information is included in the Registration Package mailed home with timetables at the end of July. Any concerns or questions should be directed to the Principal.

LGBTQ "Safe Contacts"

At BCHS, we have designated staff members who are happy to support sexual and gender minority students and families, who include (but are not limited to the following): [Jason Dabbagh](#), [Mike Larocque](#), [Jyoti Mangat](#), and [Judy Smallwood](#).

Safe & Caring Schools Initiatives

The St. Albert Public School District maintains a district wide Safe and Caring Schools Initiative in an attempt to make schools safe places for all involved. Within this district partnership Bellerose Composite High School adheres to the commitment of **zero tolerance for violence. In most circumstances, consequences for verbal and physical violence will result in suspension.**

School Resource Officer (SRO)

The School Resource Officer Program, originated in 2001, is a collaborative project involving the St. Albert RCMP Detachment, City of St. Albert, and the St. Albert Public School District. This initiative falls within the School Districts' mandate and philosophy for "Safe and Caring Schools". Bellerose Composite High School supports this Safe and Caring Initiative and purchases the services of a School Resource Officer (SRO). The presence of the School Resource Officer within the school allows students, staff, and parents to interact with an RCMP Officer in a manner that is consistent with fostering positive community relations. The SRO is available to all stakeholders on both an individual basis and within group situations.

The School Resource Officer can be contacted during the day through the Main Reception Desk at Bellerose at 780.460.8490 or if necessary, after hours by calling the RCMP Detachment at 780.458.4300.

Insurance

Insurance coverage for students is primarily the responsibility of the parent or guardian. It is **highly recommended** that if your son/daughter is involved in Physical Education classes or is active in school athletics and activities, that you have/obtain personal injury insurance. Numerous companies can provide personal injury insurance. Applications for insurance through **INDUSTRIAL ALLIANCE PACIFIC INSURANCE** are available starting on registration day and at the front office.

Waivers

Bellerose students are involved in a wide variety of activities in and out of school activities that are both curricular and extra-curricular in nature. It is a District expectation that **WAIVER FORMS** be issued and signed for each activity. Students will be given waiver forms to have signed as necessary.

Home of the Bulldogs!

Attendance

Regular and punctual attendance, along with preparation for class, is expected of all students and has a direct relationship to success. This level of expectation is primarily the responsibility of students and parents. The school will support the efforts of parents and students in establishing positive behaviours.

- School directed field trips and curriculum related activities, preapproved by the Administration, will be identified as school related absences on a student's attendance file.
- Requests to sanction absences due to provincial or national competitions, religious ceremonies, and medical situations should be directed to an Administrator and will be reviewed on an individual basis of need.

An automated phone system contacts the home between 4.00pm and 9.00pm daily when a student has missed a class. If you are not aware of the absence, you are encouraged to speak to your son/daughter and contact the school if you would like follow-up action. **Parents/guardians are requested to notify the school with a brief message at 780.460.8490 or br.absences@spschools.org to report all absences.** Homework requests must be made by 9.30am via email to the student's teacher for pick up at the office at the end of the school day.

Teachers generally make contact with parents if students have missed five or more classes without reasonable explanation. If necessary, a teacher may refer attendance concerns to a Counsellor or an Administrator. Absences are recorded on Progress and Mid-Term Reports. **Parents are encouraged to sign up for [PowerSchool](#).**

Note: Under the Freedom of Information and Privacy Act, the school requires a written request or student ID number verification from parents to release student information. Student ID numbers are given to students upon registration and are also found on student timetables and reports.

Sign-In / Sign-Out

Students who arrive late or need to leave school at some point in the school day are requested to sign in/out at the school office. This information may be critical in case of an emergency and may also be an important reference when verifying attendance. **These absences, however, are not automatically excused. Parent consent by way of a phone call or e-mail must additionally be received.**

Student Absence during the School Year

Parents/guardians sometimes choose to take students out of school for extended periods such as vacations, visits to relatives, assistance to the family, and so on. In such situations, parents/guardians must accept responsibility for the detrimental academic effects of the absence. Regular class attendance is important to achievement. If an absence is planned during the school year, the student or parent should let both the school administration and the various subject teachers know well before the absence. Within reason, the teacher will advise the student in advance of what work will be covered during the absence. Teachers may give guidance and assignments that will reduce the negative effects of the absence. Students are responsible for making up the work missed within a reasonable amount of time upon their return. **Please note that in virtually all situations, significant absences will have a detrimental effect on achievement.**

Guidelines for Academic Misconduct

Academic misconduct in any manner is a serious offence.

Plagiarism involves submitting or presenting work in a course as if it were your own work done especially for that particular course when, in fact it is not. Most commonly plagiarism exists when:

- The work submitted was done in whole or a sub-portion by an individual other than the presenter
- Parts of the work are taken from another source without reference to the original author
- The whole work is copied from another source
- A student submits or presents work in one course which has also been submitted in another (although it may be completely original to that student) without the knowledge of or prior agreement of the teacher involved

Cheating on tests or examinations includes, but is not limited to:

- Speaking to other students or communicating with them under any circumstances
- Bringing any materials or devices into the examination room not authorized by the examiner
- Consulting any person or materials outside the confines of the examination room
- Leaving answer papers exposed
- Persisting in attempts to read other students' examination papers

Other academic misconduct may include:

- Tampering with examination scripts, class work grades and/or class records
- Failure to abide by directions given by a teacher regarding the individuality of work handed in
- The acquisition of examination materials without prior authorization
- The impersonation of another student in an examination or other class assignment
- Falsification or fabrication of reports

Any student who voluntarily and consciously aids another student in the commission of one of these offences is also guilty of academic misconduct.

Penalties: In cases in which the school administration is satisfied that a student is guilty of plagiarism, cheating or other academic misconduct, the available sanctions are a grade of zero, a letter placed on the student's file, student placed on probation, suspension, withdrawal from the course, and in extreme circumstances expulsion.

High School Program, Credit Load & Timetables

To earn an Alberta High School Diploma, a student must complete a minimum of 100 credits and meet the course/subject minimum requirements (see chart on Page 7). Students and parents should ensure that appropriate course selections are made in respect to a student's ability and interest, in regards to achievement in prerequisite courses.

Students should plan programs to their best advantage, keeping diploma requirements and career aspirations in mind. **Completing a minimum of 40 credits in Grade 10, a minimum of 35 credits in Grade 11, and a minimum of 30 credits in Grade 12 is recommended.** (It allows for maximum flexibility in the Grade 12 year when diploma exams often add extra demands.) Students scheduled as half-time or less may have timetables adjusted to facilitate leaving school prior to the end of the day. **Students with open blocks in their schedules are expected to be engaged in learning-related activities in the library or cafeteria without interference in any other student's right to a learning environment.** Students and/or parents needing information, clarification, or advice, should contact an Administrator or Counsellor.

Assessment & Reporting

Student assessment is most often based on a variety of methods ranging through classroom work, individual work, homework, projects, and formal examinations. Students will receive a course outline at the beginning of a course, which includes the pattern for assessment. Formal reporting occurs three times each semester. **None of these reports are mailed home**, and parents are encouraged to check [PowerSchool](#) for up-to-date assessments.

1. In both semesters, before the end of the sixth week, each teacher will provide **progress information** to each student for each course. Students will be expected to share all progress information with parents.
2. At the mid-point of the semester a **Mid-Term Report** is compiled, and provides a grade standing and attendance information.
3. At the end of each semester, following final exams, a student will be issued a final mark in each completed course, and a **Final Report**. Completed course marks are reported to Alberta Education for inclusion on each student's education file.

Note: Students writing Grade 12 diploma course examinations will have those marks issued from Alberta Education approximately three weeks after final exams.

Students and parents/guardians are encouraged to keep up to date on student progress via our [PowerSchool Parent Portal](#). We ask that you review grades on-line prior to booking and attending Parent-Teacher Interviews.

Information on how to complete online booking of Parent-Teacher Interviews is included with the October and March [Bellerose Bulletin newsletters](#). Information is also posted on our [website](#).

Scheduled interviews occur on:

Semester 1

October 18 from 2.00-5.00pm & 6.00-8.00pm

October 26 from 6.00-8.00pm

Semester 2

March 15 6.00-8.00pm

March 21 from 2.00-5.00pm & 6.00-8.00pm

Appeals

A student may appeal a mark, resulting from an evaluation process, in the following steps:

1. Discussing the situation with the teacher of the course in which the evaluation took place.
2. Applying to the Department Head of the subject area to review the situation if a resolution from the student-teacher review is not satisfactory.
3. Applying to the Principal if a satisfactory solution is not reached with the Department Head.

Diploma Exams

Diploma exams are administered to students in select Grade 12 courses and have three main purposes:

1. To certify the level of individual student achievement in selected Grade 12 courses.
2. To ensure that Province-wide standards of achievement are maintained.
3. To report individual and group results.

Library

The School Library provides students with curriculum support and recreational reading materials. Textbooks are also signed out for use through the Library. The Library collection is automated and **students are required to use their school ID card** to sign out Library and textbook items. **Please inform the Library if you have NOT received an ID card** – we will ensure one is available for you! Your ID can also be installed on your cell phone using an app; please see the Library for assistance.

Hours of Operation

- 7.45 am to 3.30 pm daily
- Open at 9.30 am on staff meeting days (closed during staff meetings)
- Open regular hours during exams

Late/Overdue/Damaged Materials

- Items are loaned for three-week periods.
- A list of students with overdue library materials is posted in the library and are emailed frequently through the school terms.
- Students/parents will be charged for Library books lost or damaged: replacement cost of the book plus a \$5.00 processing fee.
- School policy is to forward invoices for collections if there has been no response from parents/students after three emailed (or mailed, if no email address is on file) notifications of overdue/lost/damaged Library materials.

Textbooks

All parents/students are required to pay the Learning Resource Fee at registration. This fee includes the cost of renting textbooks for a course term. All texts are to be returned in a reasonable condition but, lost or damaged texts are assessed for replacement and students/parents are invoiced accordingly. Notices are emailed (or mailed, if now email address is on file).

ALL TEXTBOOKS (including ELA novels) are required to be RETURNED IMMEDIATELY to the Library at the conclusion of the subject exam – absolutely no later than the END OF EACH SEMESTER, upon WITHDRAWAL from class or school, and upon GRADUATION.

LearnAlberta User ID

For the 2016-2017 school year, access to the LearnAlberta website:

- **Address:** <http://learnalberta.ca/>
- **User ID:** LA54

Computer Usage

Educational Purpose

- The school computer network and the SPSnet have been established for a limited educational purpose. The term "educational purpose" includes classroom and library activities, curriculum-related research, career development, and limited self-discovery activities as determined by the classroom teacher or the school administration. **Only students with an account activated by the school may access school computers.**
- The school computer network and SPSnet have not been established as public access services or a public forum. St. Albert Public Schools has the right to place reasonable restrictions on the material accessed or posted through the system. It is expected that students will obey the law and follow rules set forth in the school with respect to individual use of the computer network and the SPSnet. **Parents and students are expected to maintain awareness of district technology rules. The "Acceptable Use Guides" is posted in classrooms and labs and on the BCHS website.**
- The school computer network or the SPSnet may not be used for commercial purposes. This means an individual may not offer, provide, or purchase products or services through the network or SPSnet.
- The school computer network or the SPSnet may not be used for political lobbying, but may be used to communicate with elected representatives and to express opinions on political issues.
- Additional information and guidelines are in Registration Packages and the account agreements are expected to be signed and returned at registration.

Availability

Access to computer equipment is managed by user names and passwords assigned to individual students by the school. Students will find it useful to have email accounts with public providers such as Gmail or Hotmail. The School does provide each student with a Gmail Account for their use. Microsoft Office products are installed on all computers. **Please be aware that the software version at the school may be an older version and students must save documents from home to be compatible with software at the school.** Additional special software as appropriate to the curriculum is installed on selected machines. This wide range of hardware and software products will be utilized by students as integral components of many courses. As students have access to MS Office and Google Docs applications, many teachers expect these tools to be utilized in assignments. The Library offers computers to students for use in completing assignments out of class time.

Limitations

The equipment and software in the school varies widely in vintage, power and capacity. Students may find that work prepared on recently acquired equipment at home will not always function as they may expect at school. Students should be aware of this and should take steps to ensure they understand software compatibility issues posed by the computers they have access to.

Privately Owned Laptops, Notebooks, & Other Network Devices

For reasons of security, students are currently permitted to connect their own computers or other network devices to the school wireless network for Internet access only. **Students are not allowed to connect their own devices to the wired network.**

Prerequisite Marks for Registration

The recommended mark in any 10-20-30 sequenced courses in order to advance to the next level is 65% or better. Most of the 10-20-30 sequenced courses are a continuation from one course to the next. For example, success at a 20-level course requires students to understand materials from the 10-level, and the 30-level course builds upon the 20-level course. Students who do not have a 65% in the prerequisite course may not be successful in the next course in the sequence, not finish the sequential course, or tend to fail the subsequent course unless a significant change in both time commitment and work habits are made by the individual student involved. Repeating a 30-level course does not always improve marks if the background needed was the 20-level course.

Student course registration for the fall of the next school year will reflect current achievement (marks). When marks exceed the 65% benchmark, registration can be changed. If you wish to have your son/daughter registered in the next course, with a mark less than 65% but above 50%, you may be asked to confirm this to Administration in writing.

Course Changes & Withdrawals

Timetables for a school year will be made available to students prior to school start-up. School Administrators and Counsellors will be available, prior to class commencement, for students to request timetable adjustments to address reasonable changes such as:

- Changes or additions initiated by the school.
- Course additions are accepted to fill an "empty space" in a timetable.
- Graduation requirements for a Grade 12 student.
- Retaking a course due to not successfully completing the course.
- EXTREME cases related to issues that might significantly affect student learning.

Students are expected to be in classes as of the first day of each semester. Any necessary adjustments requested after classes begin must include:

- Filling out the Course Change Form.
- Submitting the form to Student Services.
- **Deadlines: Friday, September 8 for Semester 1 and Wednesday, February 7 for Semester 2.**

We want students to succeed. Therefore, when consideration is being made to withdraw from a course, students need to discuss the implication of their request with a number of people. Each discussion may provide an alternative to course withdrawal that best meets each student's individual needs.

To proceed with a course withdrawal, the student must obtain a **Course Withdrawal Form** from the Student Services office and follow the process as outlined.

Students are expected to demonstrate a commitment to the courses they select and to complete courses started. Should a student withdraw from a course, a final mark will be assigned and will appear on the Alberta Education Transcript of Marks.

Note: A final mark will be assigned to any course withdrawals after mid-term marks have been issued.

Course Challenge

Course challenge is a provision that allows senior high school students to challenge the expectations for a course. On the rare occasion that this occurs, students may choose to become involved in a formal assessment process rather than taking the course. Course challenge is for students who believe that they already possess the expected knowledge, skills, and attitudes as defined by the Program of Studies for a given course. Normally, a course challenge will apply only to a course that is at a higher level in a course sequence, or is at a similar level in an alternative course sequence. Students shall attempt a particular course challenge only once.

Course challenges are intended to:

- Meet the diverse needs of students
- Encourage students' ownership of their learning, and
- Acknowledge the learning that students acquire in a variety of settings not necessarily limited to schools

To **initiate** the course challenge process, a student must:

- **Apply within the first two weeks of the semester** (if necessary, exceptions may be made in the case of late registrants) by,
- **Submit**, to the appropriate Department Head, a course challenge application form and,
- **Include** with this application a **written rationale** for requesting a course challenge

This rationale should:

- Clearly state the reason(s) for seeking a course challenge
- Indicate a willingness to complete the challenge in a timely and practical manner
- Provide evidence of readiness to challenge the course (e.g. the student could discuss previous assignments &/or experiences related to the subject that illustrate ability, knowledge, and skills in the course being challenged)

- **Meet with the appropriate Department Head** to discuss his/her application and rationale. Following this meeting, applicants who choose to proceed with the challenge process, will review the course challenge package with the Department Head, and set completion dates for the various components.

The evaluation of a course challenge is the responsibility of the appropriate Department Head who may also designate a certificated teacher who has taught the course to assist with the evaluation process.

All course challenge marks, successful and unsuccessful, are reported to Alberta Education and become a part of a student's official transcript.
